THIS APPLICATION MUST BE FILED WITH THE PROPERTY APPRAISER ON OR BEFORE **MARCH 1ST**

The information contained in this application will be provided to the Department of Revenue and may also be provided to any state in which the applicant has previously resided. Social Security Numbers will remain confidential pursuant to Section 193.074, Florida Statutes.

196.011(9)(a) provides:

(9)(a) A county may, at the request of the property appraiser and by a majority vote of its governing body, waive the requirement that an annual application or statement be made for exemption of property within the county after an initial application is made and the exemption granted. The waiver under this subsection of the annual application or statement requirement applies to all exemptions under this chapter except the exemption under s.196.1995. Notwithstanding such waiver, refiling of an application or statement shall be required when any property granted an exemption is sold or otherwise disposed of, when the ownership changes in any manner, when the applicant for homestead exemption ceases to use the property as his or her homestead, or when the status of the owner changes so as to change the exempt status of the property. In its deliberations on whether to waive the annual application or statement requirement, the governing body shall consider the possibility of fraudulent exemption claims which may occur due to the waiver of the annual application requirement. It is the duty of the owner of any property granted an exemption who is not required to file an annual application or statement to notify the property appraiser promptly whenever the use of the property or the status or condition of the owner changes so as to change the exempt status of the property. If any property owner fails to so notify the property appraiser and the property appraiser determines that for any year within the prior 10 years the owner was not entitled to receive such exemption, the owner of the property is subject to the taxes exempted as a result of such failure plus 15 percent interest per annum and a penalty of 50 percent of the taxes exempted. Except for homestead exemptions controlled by s.196.161, it is the duty of the property appraiser making such determination to record in the public records of the county a notice of tax lien against any property owned by that person or entity in the county, and such property must be identified in the notice of tax lien. Such property is subject to the payment of all taxes and penalties. Such lien when filed shall attach to any property, identified in the notice of tax lien, owned by the person who illegally or improperly received the exemption. Should such person no longer own property in that county, but own property in some other county or counties in the state, it shall be the duty of the property appraiser to record a notice of tax lien in such other county or counties, identifying the property owned by such person or entity in such county or counties, and it shall become a lien against such property in such county or counties.

NOTICE: A tax lien can be imposed on your property pursuant to 196.011(9)(a), Florida Statutes
